COMPANY OVERVIEW

West Coast Live Media Technical Transport is a Las Vegas-based, veteran-owned transportation provider specializing in secure movement of high-value, time-sensitive and specialty equipment. Our background in live production, broadcast operations and technical logistics allows us to understand the handling, scheduling and chain-of-custody requirements that conventional carriers often overlook.

CORE CAPABILITIES

- Production, broadcast and audio-visual equipment transport
- Band, stage, back-line and live-event equipment logistics
- Motorcycle transport using flatbed or enclosed trailer options
- Trade show, convention, exhibit and display transportation
- Commercial cargo, contractor deliveries and specialty freight
- White-glove handling, expedited service and scheduled route support

DIFFERENTIATORS

- Veteran-owned business with mission-focused service standards
- Technical-industry experience and equipment-aware handling
- Direct communication, flexible scheduling and accountable delivery
- Dedicated truck-and-trailer service without unnecessary freight transfers
- Regional coverage with custom interstate routing available

SERVICE COVERAGE

NEVADA

Primary service area

CALIFORNIA

Regional and interstate

ARIZONA

Regional and interstate

UTAH

Regional and interstate

Additional western and nationwide routes are quoted based on distance, schedule, cargo type and service requirements. Local Las Vegas pickup and delivery support is available.

TYPICAL CUSTOMERS

- Production companies, studios and broadcast organizations
- Event producers, venues, bands and touring professionals
- Convention exhibitors, agencies and corporate event teams
- Motorcycle owners, dealers, builders and collectors
- Contractors, commercial vendors and procurement departments
